The Board begs to invite the attention of Government to their Order No.810 Revenue, dated 5th April 1919, sanctioning the retention of the temporary establishment for work of incorporating minor circuit fields in the field measurement books of the Bellary district. The Collector now reports - that the period of employment of the establishment referred to expired by 26th June 1919 and that it had, by then, completed the preparation of original sketches for the taluks of Bellary, Siruguppa, Hospet and Kudligi and duplicate sketches for Bellary and part of Siruguppa only. The work that still remains to be done is the preparation of duplicates for 2607 sketches for Hospet, Kudligi and the remaining portion of Siruguppa and the insertion of these in the field measurement books. The Collector reports that the work could not be taken up earlier as the original sketches which were sent to the Director of Survey for noting angles and distances are - being received only just now. The work is estimated to engage a draftsman for a period of six months and the Collector - accordingly requests sanction to the employment of a temporary draftsman on Rs.25/- a month for that period. The Board supports the Collector's request and solicits sanction of - Government thereto.

2. The cost of the establishment can be met from the provision made in the Civil Budget Estimates for 1920-21 under

"3 C-Land Records- Maintenance of Land Records- Executive Subordinates- Temporary Establishment".
